

Members Update May 13, 2022

All,

Just a few reminders:

- If you are the last to leave the club during the day or night, please check to make sure all doors and windows are closed and locked and the lights are off. Set the alarm before you leave the club;
- Last season we purchased a new ball machine. Recently the remote control for that ball machine went missing. If you have inadvertently put the remote into your tennis bag or somehow might have carried it away from the club, could you please check. So far we have looked everywhere on the courts and in the club in an attempt to locate this remote with no luck;
- Please note that there are cracks on court 1 in need of repair. This repair work will hopefully be done during the week of May 24-27, 2022 (weather dependent). It will require Court 1 to be closed for one half day.
