***Did you ever wonder how we remember all those NWTC tournament winners from [1906] until today? Thanks to the forethought and vision of one Mr. Alan Webster, former president of NWTC and founding member of the White Rock Tennis Club.**

As the story goes:

New West was celebrating its 100th anniversary way back in [1958]. Mr. Webster had the idea of creating some display boards containing all of our tournament winners from [1906] onwards. His wife Edith helped compile a list from old club records. Alan, working as a civil engineer at the time, put his chief draftsman in charge of building the boards & just like that, the tradition was born. Since then, The Webster Family have recorded and framed all club tournament winners for NWTC and WRTC until recently. This year we are running the **117th Edition** of the **NWTC Championships** and will continue to update and display what The Webster Family started 65 years ago! So, join the fun and be a part of our NWTC history.

****Coming this Fall 'The Edith Webster Tournament' (aka The Webster Cup)****
